CC Docket No. 02-6  
Letter of Appeal: Form 471 Application Number 366411  
Funding Year 2003 7/01/2003 – 6/30/2004  
Billed Entity Number: 127152  
Funding Request Number 1003448  
Spin 143000892

This appeal is in response to the Universal Service Administrative Company's decision on appeal dated January 20, 2004. In the letter it was stated that \$1539.26 of the monthly charges was for ineligible users meaning that the percentage of the funding that was for ineligible users was greater than 30%. Therefore the funding was denied. Attached are worksheets that include a cost breakdown by department for the cellular services. These are the same worksheets that were sent to the USAC during the original appeal process. As can be seen, \$919.97 of the \$1539.26 is for bus drivers. Which according to the eligible services list, published by the USAC, eligible users and locations can be described as "Some offsite telecommunications activities may also meet this standard, such as a school bus driver using a cell phone". This would decrease the charges of ineligible users to \$619.29 and 22% of the total monthly bill of \$2755.31. Thus, it is our appeal that this funding be approved.

Thank you for your immediate attention to this matter.

Sincerely,

Brian Calsing
